For this Drona afterwards got him captured by his pupils the Pandavas, but was kind enough to spare his life, and allowed him to retain half his kingdom. But the defeat sustained by him at Drona's hands rankled in his soul, and with the desire of getting a son who would avenge the wrong done to him, he performed a sacrifice, when a son named Dhrishṭadyumna (and a daughter called Draupadi) sprang up from the fire. This son afterwards treacherously cut off the head of Drona; see Drona also].
